

MPO RESOLUTION #2023-05
A RESOLUTION OF THE COLLIER METROPOLITAN
PLANNING ORGANIZATION APPROVING AN
AMENDMENT TO THE FY 2022/23- 2026/27
TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

WHEREAS, State and federal statutes, rules and regulations require that each designated Metropolitan Planning Organization develop and adopt a Transportation Improvement Program (“TIP”) and set forth the procedures for doing so; and

WHEREAS, the Collier Metropolitan Planning Organization’s (the “MPO”) TIP may require amending as authorized and required by 23 C.F.R. Part 450 Sections 326, 328, 330, 332 and 334, and by F.S. § 339.175(6), (8) and (13); and

WHEREAS, the Florida Department of Transportation (“FDOT”) requested the Collier MPO to amend the FY 2022/23-2026/27 TIP to add Federal Project Number (“FPN”) 452242-1 SWRS-Statewide Rumble Strips (On-System South), to include \$5,000 for Preliminary Engineering in FY23, as shown in the attached Exhibit; and

WHEREAS, FDOT submitted a letter to the MPO stating that the proposed TIP Amendment is necessary to include in the MPO’s TIP to ensure consistency with FDOT’s Work Program, as shown in the attached Exhibit; and

WHEREAS, the MPO announced the TIP Amendment on its website, distributed it via e-mail to various list-serves, and followed all steps of its Public Participation Plan through the expiration of the public comment period, which terminated with the MPO’s Board meeting on June 9, 2023; and

WHEREAS, the MPO has reviewed the proposed TIP Amendment and determined that it is consistent with the MPO’s adopted plans and policies; and

WHEREAS, in accordance with all required State and federal procedures, rules and regulations, including but not limited to the FDOT’s MPO Administrative Manual, the TIP Amendment must be accompanied by an endorsement indicating official MPO approval.

THEREFORE, BE IT RESOLVED by the Collier Metropolitan Planning Organization that:

1. The FY 2022/23 - 2026/27 Transportation Improvement Program Amendment set forth in the attached Exhibit is hereby adopted.
2. The Collier Metropolitan Planning Organization's Chairman is hereby authorized to execute this Resolution certifying the MPO Board's approval of the Amendment to the FY 2022/23-2026/27 Transportation Improvement Program for transmittal to FDOT and the Federal Highway Administration.

This Resolution PASSED and duly adopted by the Collier Metropolitan Planning Organization Board after majority vote on this 9th day of June 2023.

RE: Request for TIP Amendment to the Collier Metropolitan Planning Organization's FY2022/23 – FY 2026/27 Transportation Improvement Program (TIP).

Dear Ms. McLaughlin:

The letter is a formal request for the Collier Metropolitan Planning Organization (MPO) to approve the following TIP Amendment to the FY2022/23 – FY2026/27 Transportation Improvement Plan (TIP). This new project is for a statewide initiative funded using safety dollars to add lane departure treatments on existing state roads.

452242-1 Project Description: SWRS-STATEWIDE RUMBLE STRIPS (ON-SYSTEM SOUTH)

This is a new project to be included in your MPO's TIP and will include funding for the Design phase in FY23. It was programmed as a "District Wide" project for the Southern Counties and was not specifically reflected in individual MPO areas and must now be amended into your MPO's TIP for consistency and transparency purposes. To receive federal funds for this project, these changes are required to be amended into the Collier's MPO's FY2022/2023 through FY2026/2027 TIP.

Attached is the table reflecting the details of the project to be amended into your TIP.

If you have any questions, please feel free to contact me at: (863) 272-2368.

Sincerely,

DocuSigned by:

Victoria Peters

RE: District wide initiative: Rumble strips.

a.) Will This include all state roads? (Rural and Urban?)

The ground in rumble strip countermeasure is only eligible to be installed on roadways without curb and gutter and with a posted speed of 50 mph or more. The projects we have will install the countermeasure on all eligible state roadways that do not already have a project that would add them in the work program.

b.) Which roads in our district are included?

The projects we have will install the countermeasure on all eligible state roadways that do not already have a project in the work program that would add the countermeasure.

c.) Which type of strips for which type of road?

8" sinusoidal ground in rumble strips will be installed on the outside shoulders and centerline of undivided roadways. On divided roadways they will be installed on both the inside and outside shoulders. On a select number of undivided roadways, without homes nearby, 16" ground in rumble strips will be installed on the centerlines.

d.) Do we have an estimated time in 2024 that construction for this project will begin and where will it begin?

We have 2 projects that will install the ground in rumble strips. The first project lets for construction on September 27th, 2023 and includes the northern counties of Polk, Manatee, Hardee, Highlands, and Okeechobee. The second project lets for construction on January 28th, 2024 and includes the southern counties in the district of Sarasota, Desoto, Lee, Charlotte, Collier, Hendry, and Glades. We anticipate construction to begin a few months after the letting date.

Here are a couple photos to help explain the proposed improvements. These photos show SR 70 in Manatee County which was used as a pilot project for these improvements.
