

2045

LONG RANGE TRANSPORTATION PLAN

Collier MPO

Get Involved in the Future of Transportation

The Collier MPO's Long Range Transportation Plan (LRTP) establishes the vision of the Collier County multi-modal transportation system. Covering a 20-year period, the LRTP identifies current and future needs based on population projections and travel demand. The plan is updated every five years to reflect the changing dynamics of the county. Projects must be included in the long range plan to receive federal funding.

Would you like to receive email notices of opportunities to complete online surveys, comment on drafts of plans that are underway, or attend public meetings? Send an email with your name, email address and zip code to the MPO Director, Anne McLaughlin: anne.mcLaughlin@colliercountyfl.gov

In Addition to the 2045 LRTP, Several Other Plans Are Underway

- ◇ The MPO is working with the County's Procurement Division on contract negotiations with Tindale Oliver to begin work on the **Strategic Highway Safety Plan (SHSP)**.
- ◇ The MPO's consultant, Tindale Oliver, has begun analyzing congestion patterns, causes and mitigation measures for the **Transportation System Performance Report (TSPR)**.
- ◇ MPO staff participated in a focus group that met over the summer to test the **Web-Based interactive Decision-Support Tool for Adaptation of Coastal Urban and Natural Ecosystems in Southwest Florida (ACUNE)**. The project co-leads are the University of Florida and Florida Gulf Coast University. The anticipated public release date for the ACUNE tool is June 2022.

Bicycle and Pedestrian Project Priorities

The cities of Naples, Marco Island and Everglades City, Collier County and MPO staff submitted an ambitious list of bike-ped projects totaling \$17.6 million this year. The **Bicycle and Pedestrian Advisory Committee (BPAC)** conducted a preliminary review in August. Agencies have until November 1, 2019 to submit detailed applications for the second round of review, which will include rating and ranking the projects in priority order. Given that the MPO's budget for programming bike/ped projects is \$4.1 million, prioritizing expenditures is paramount, as is finding other sources of funding wherever possible.

Florida's Regional Transportation Planning Initiative

FDOT Convenes Task Forces to Kick-Off Meeting in Tampa on August 27, 2019 to Analyze Florida Multi-Use Corridors of Regional Economic Significance (M-CORES)

CS/SB 7068 creates the **M-CORES** program within the Florida Department of Transportation under s.338.2278, Florida Statutes. The bill identifies three corridors. **Collier MPO is part of the Southwest-Central Florida Connector, which extends from Collier County to Polk County.** The purpose of the M-CORES Program is to revitalize rural communities, encourage job creation, and provide regional connectivity while leveraging technology, enhancing quality of life and public safety and protecting the environment and natural resources.

Board members selected Reg Buxton, MPO Chair, to represent the MPO on the Southwest-Central Florida Connector Task Force, and Board member Donna Fiala to be his alternate. Watch the MPO website for periodic updates.

DRAFT 2020 Meeting Schedule

Collier Metropolitan Planning Organization (MPO)
2885 S. Horseshoe Drive, Naples, FL 34104
www.CollierMPO.com
