None.

6. **Agency Updates**

A. FDOT

Mr. Evans announced the upcoming public meeting for the State Road 78 project in Lee County on Wednesday, April 2 from 6-7 p.m., virtual and in-person.

B. MPO Executive Director

Ms. McLaughlin had nothing to share beyond the agenda.

7. **Committee Action**

A. Review and Comment on the First Draft FY26-30 Transportation Improvement Program

Ms. McLaughlin announced that the presentation would cover the narrative portion of the Transportation Improvement Program (TIP). The Project Sheets portion will follow later because the final FDOT snapshot won't be produced until April due to the timing of this year's legislative session. An interactive map is available to get an idea of the projects in store, which will be updated with the approval of this TIP. The narrative portion has been updated to current state and federal requirements and publications, local statistics and projects. The TIP is being presented now for Committee initial review to get feedback (comments were requested to be provided within two weeks). A further updated draft TIP is anticipated to be brought back in April for review, and then for Committee endorsement in May. **Ms. McLaughlin reviewed the draft TIP narrative portion (which can be viewed in the March 24, 2025 TAC agenda).**

Mr. Scott commented on funding and how Moving Florida Forward makes a big difference for the short term.

Ms. McLaughlin asked Mr. Evans whether FDOT would be updating the 667 Report, which is about facilities affected by storm damage, asking if there was one for 2025 and how soon it would be published. **Mr. Evans** answered that he would investigate it.

B. Review and Comment on First draft Bicycle & Pedestrian Master Plan – continued from February

Mr. Kingston reminded the Committee that he had given an overview of the major components of the plan at the last meeting and that the project consultant, Capital Consulting Solutions, gave a presentation that addressed comments received from the Bicycle and Pedestrian Advisory Committee (BPAC), and Technical and Citizens Advisory Committee (CAC) meetings in February.

*Following this introduction, **Mr. Kingston** gave this presentation, (which is included in the meeting materials) and asked for additional comments.*

Ms. Bickett commented, when Mr. Kingston mentioned how CAC requested a sidewalk at Horseshoe Drive, that the City of Naples Bicycle and Pedestrian Master Plan has this in it, but there are challenges with trees and stormwater. **Ms. McLaughlin** mentioned a more feasible solution may be soft-surfaced pathways around these obstacles.

Ms. Vandersluis added that the Naples Airport is looking into the connection between Gordon River Greenway and River Reach and will pass on more information once it comes to her.

Mr. Scott said to reconsider the evaluation criteria on Cost. Cost for Local Projects is 25% whereas for Regional Projects it is 15%. It would make more sense if these were reversed since local projects are spending local money versus regional projects, where the money is from an outside source.

8 Reports & Presentations (May Require Committee Action)

A. Draft Transit Zero Emission Fleet Transition Plan by Benesch

Ms. Hansen announced that Collier County Public Transit & Neighborhood Enhancement Division and the MPO have coordinated a transit zero and low emission fleet study, which evaluates the prospect of incorporating zero and low emission vehicles in CAT's fleet, including feasibility, the current state of alternative fuel technology and reliability, infrastructure needs, high-level cost estimates, and funding source opportunities. The study was to be presented to the MPO Board on April 11 and subsequently submitted to the Board of County Commissioners (BCC) for approval. Completion of the study is a requirement for certain federal discretionary transit grants.

***Mr. Blain** provided a presentation on the study findings and recommendations (as included in the meeting materials). A group discussion ensued thereafter.*

9 Member Comments

Ms. Eastley announced the Golden Gate Parkway Corridor Congestion Study public meeting has been postponed until August. She also mentioned how Transportation Regional Incentive Program (TRIP) and County Incentive Grant Program (CIGP) grants will be presented for approval to the BCC tomorrow, one of which will change the MPO List of Project Priorities.

Ms. Bickett stated at the last City Council Workshop, FDOT presented on the stormwater project between Golden Gate Parkway and Four Corners. It was decided to move forward with the design of stormwater improvements. A group discussion ensued, and Ms. Bickett elaborated on the phasing of the project. She also reported in detail on the network changes between Four Corners and Goodlette-Frank Road.

Mr. Scott reported on the status of the study to consolidate Collier and Lee MPOs. He also brought up the subject of bicycle, pedestrian, and micromobility ordinances and what the jurisdictions within his MPO are doing about it. **Ms. McLaughlin** commented that the BCC will have an ordinance on that topic as a discussion item at tomorrow's BCC meeting. **Ms. Bickett** added that the County decision may affect the City of Naples, which is also considering an ordinance on the issue.

10 Distribution Items

None.

11. Next Meeting Date

April 28, 2025, 9:30 a.m. –Transportation Management Services Bldg., South Conference Room, 2885 S. Horseshoe Dr., Naples, FL, 34104 – in person.

12. Adjournment

Ms. Bickett adjourned the meeting at 10:47 a.m.

RE: D2023-EMER-001 Emergency Relief Funds Allocation

To: District Office

This letter is to advise the department of additional funding that has been allocated to Collier County for the replacement of its Collier Area Transit Maintenance and Operations facility.

The funding is provided through the Federal Transit Administration's (FTA) Emergency Relief Program. This program offers financial assistance to public transportation agencies impacted by major disasters, such as hurricanes, floods, and earthquakes. This assistance enables these agencies to repair or replace damaged equipment and facilities, ensuring the resumption of essential transportation services for their communities.

In 2017, Hurricane Irma made landfall in Collier County, causing significant damage to the operations and maintenance facility. The storm tore off paneling and damaged the porte-cochere of the maintenance building, which had been providing shelter for the buses during the roll-in process for farebox probing and vehicle cleaning., The Federal Transit Administration announced the following allocations of funding for Collier: the first on May 31, 2018 of \$226,000, the second on August 23, 2019 of \$82,000 and the final on February 8, 2023 of \$10,363,225 for disaster relief funding to Collier County to repair damages to vehicles and facilities caused by Hurricanes Irma, Maria, and Harvey. While several repairs were made, the maintenance facility, which is over 35 years old and was repurposed from a car dealership, is no longer suitable for current bus operations and has suffered further significant damage from multiple hurricanes. In December 2020, Collier County hired an engineering firm to conduct a structural and functional assessment of the facility. The assessment concluded that rehabilitation was not feasible, and that a new facility would need to be constructed to meet both current and future operational needs.

Since then, Collier County submitted a white paper requesting additional funds to replace its aging and hurricane-damaged Collier Area Transit (CAT) Operations and Maintenance facility located at 8300 Radio Road in Naples. To ensure the continued operation of essential transportation services, the County plans to construct a new facility and demolish the existing building, a more resilient facility on the same site while maintaining operations throughout the construction process.

On April 20, 2023, Collier County received notification of the additional allocation for the reconstruction of a replacement operations and maintenance facility at 8300 Radio Rd, Naples, FL 34104. The funding will be utilized for construction, Engineering & Inspection (CEI) services and the demolition, as well as furnishing of a replacement operations and maintenance facility. The new facility will adhere to state hurricane and building codes, as well as local vertical standards. It is designed to have a useful life of 40 years.

The total allocation for project D2023-EMER-001 is \$10,671,225. Of this amount, \$79,046 was for operating expenses and \$10,592,179 for capital expenditures.

EXECUTIVE SUMMARY
COMMITTEE ACTION
ITEM 7B

Ratify Endorsement of FDOT's Revised Pavement and Bridge (PM2) and System (PM3) Performance Targets for the National Highway System

OBJECTIVE: For the Committee to ratify its endorsement (after the MPO Board adopted) of the Florida Department of Transportation's (FDOT) Revised Pavement and Bridge (PM2) and System (PM3) Performance Targets for the National Highway System (NHS).

CONSIDERATIONS: The Board previously voted to adopt FDOT's revised PM2 and PM3 Performance Targets for the NHS on April 14, 2023. On October 1, 2024, FDOT's new PM2 and PM3 Performance Targets (presented to the MPOs at an FMPP meeting last July) went into effect. MPOs then had 180 days to adopt the new targets or establish their own targets. FDOT sent a reminder email on 3/25/25 noting that 3/30/25 was the deadline for adopting the targets. (**Attachment 1**) The MPO Director informed FDOT that the earliest possible date for the Board to adopt the targets would be April 11th and was assured that transmitting the draft and final approval packet to FDOT would suffice.

The revised PM2 target lowers the percentage of NHS bridges in poor condition from 10% to 5%. The adjusted PM3 target raises the Person-Miles Traveled on the Interstate that are Reliable from 70% to 75% and the Person Miles Traveled on the Non-Interstate NHS that are Reliable from 50% to 60%. (**Attachment 2**)

The NHS within Collier County includes US 41/SR 45, I-75, SR 29 and CR 951/Collier Blvd. from I-75 to US 41. (**Attachment 3**) With the exception of CR 951, FDOT is responsible for maintaining NHS roadways.

Due to time constraints, the Revised Performance Targets were presented to the MPO Board for approval, prior to being presented to the Technical and Citizens Advisory Committees. The MPO Board approved the Revised PM2 and PM2 targets at its April 11 meeting (Resolution 2025-03 at **Attachment 4**).

STAFF RECOMMENDATION: That the Committee ratify its endorsement of FDOT's Revised PM2 and PM3 Performance Targets for the NHS.

- **PM3:** Percentage of person-miles traveled on the Interstate and non-Interstate NHS that are considered reliable.

PERFORMANCE MEASURES	ADJUSTED 2025 TARGETS

Endorse New Transportation Regional Incentive Program (TRIP) Priorities for 2025

OBJECTIVE: For the Committee to endorse new TRIP priorities for 2025.

CONSIDERATIONS: Collier County has submitted one new project and updated a second for Transportation Regional Incentive Program (TRIP) funding in coordination with Lee County MPO. TRIP is a discretionary grant program that provides State matching funds (up to 50% of total project cost) for improvements identified and prioritized by regional partners which meet certain criteria.

Collier County submitted the following projects:

- Santa Barbara/Logan Blvd operational improvements, including adding bike lanes and sidewalk improvements from Painted Leaf Lane to Pine Ridge Road – requesting \$3.1 million for construction.
- Pine Ridge Road widening from 4 to 6 lanes from Logan Blvd to Collier Blvd. Requesting \$2.9 million for preliminary engineering, to include bike/ped improvements to fill-in the current gap in facilities.

Lee County submitted the following project:

- Ortiz Ave widening from 2 to 4 lanes from SR 82 to Luckett Road. Requesting \$8 million for construction.

Attachment 1 provides a summary of all TRIP projects prioritized for funding going back to FY 2021/22 and their funding status, along with the current additions shown in red.

Attachment 2 shows new projects added in FY 2030/31 and the unfunded projects from prior time periods.

STAFF RECOMMENDATION: That the Committee endorse the new TRIP priorities for 2025, shown in **Attachment 1**.

Endorse Updated Transit Priority List for 2025

OBJECTIVE: For the Committee to endorse an updated Transit Priority list for 2025.

CONSIDERATIONS: Collier Area Transit (CAT) submits new transit priorities on an annual basis to the MPO. CAT's updated Transit Priorities List for 2025 comprises various approved plans, including the Park and Ride Study, Transit Asset Management, and the Major Transit Development Plan. (**Attachment 1**).

The Transit Priorities appear on Table 5-2, page 46, of CAT's Transit Development Plan FY 2024 Annual Progress Report, approved by the Board of County Commissioners in July 2024.

For comparison, the MPO Board approved 2024 Transit Priority List is included as **Attachment 2**. The 2025 Transit Priority List has been updated and refined from the 2024 version but does not appear to include any new additional priorities.

STAFF RECOMMENDATION: That the Committee endorse the updated list of Transit Priorities for 2025 as shown in **Attachment 1**.

Review and Comment on the draft Annual List of Project Priorities for SU Box Funds

OBJECTIVE: For the Committee to review and comment on the draft annual List of Project Priorities (LOPP) for Surface Transportation Block Grant-Urban (SU) and Transportation Alternative (TA) funds, collectively referred to as the MPO's "SU Box funds."

CONSIDERATIONS: The MPO's policy of rotating Calls for Projects for SU Box funds was allocated to new Bicycle and Pedestrian Projects for programming in the new 5th year of next year's new TIP (FY27-31). The new 5th year will be FY 31. The annual allocation of SU Box funds is roughly \$4.7 million in SU and \$1.5 million in TA, for a combined total of approximately \$6.2 million. The Bicycle and Pedestrian Advisory Committee's single new priority project (**Attachment 1**), submitted by the City of Marco Island, totals \$1.9 million.

The SU Box previously included carbon reduction grant program funds. The State transferred all carbon reduction program funds back to the federal government earlier this year, and FDOT rebalanced the FY 26-30 Work Program to eliminate such funding (CARB and CARU). This affected nine projects within Collier County. FDOT was able to fund seven projects. The following three projects were deleted and will be added to the top of the 2025 LOPP (*see Attachment 2*).

- 443375-3 Collier County Lake Trafford Rd Sidewalk and Bike Lanes
- 448131-1 Naples Sidewalks on 26th Ave
- 449581-1 ITS Vehicle Detection Update

The LOPP is organized by fiscal year based on the annual \$6.2 million SU Box allocation less \$500,000 reserved for cost over-runs. (**Attachment 2**) The programming stages, all hypothetical, are based on the following descending order of priority:

1. Projects deleted from the Draft Tentative Work Program FY26-30
2. Moving projects from design to construction
3. Prioritized projects from prior years that remain unfunded
4. New project priorities

The next steps are MPO Board preview in May, Technical and Citizens Advisory Committee endorsements in May, and MPO Board adoption in June.

STAFF RECOMMENDATION: That the Committee review and comment on the draft Annual List of Project Priorities for the MPO's SU Box funds.

Review and Comment on Updated Status of Highway, Freight & Safety and SUN Trail Project Priorities for 2025

OBJECTIVE: For the Committee to review and have the opportunity to provide comments on the draft 2025 updates to Highway, Freight & Safety and SUN Trail Project Priority lists.

CONSIDERATIONS: The MPO's Highway, Freight and Safety Priorities have not changed since 2024, but their funding status has been updated to reflect the final Work Program snapshot for FY 2026-2030. (**Attachment 1**) The same is true for SUN Trail Project Priorities shown in **Attachment 2**. New SUN Trail project priorities will be identified upon completion of two PD&Es currently underway. FDOT is the lead agency for both:

- FPN 449540-1 Collier to Polk Regional Trail
- FPN 447514-1 Livingston FPL Trail Extension from Radio Rd to Collier County Line

This item is being provided for informational and review purposes, as no changes to the actual priorities have been made. Committee feedback and comments are welcome. The MPO Board will also receive the updated lists for review at its May meeting.

STAFF RECOMMENDATION: That the Committee review and comment on the draft updates to Highway, Freight & Safety and SUN Trail Project Priorities for 2025.

Endorse an Amendment to the Collier MPO 2045 Long Range Transportation Plan

OBJECTIVE: For the Committee to endorse an amendment to the 2045 Long Range Transportation Plan (LRTP) and authorizing resolution to add the Immokalee Interchange Improvement project, funded by Moving Florida Forward, to the Cost Feasible Plan (CFP) to maintain planning consistency with FDOT's FY 2026-2030 Work Program.

CONSIDERATIONS: MPO staff has prepared an amendment to the 2045 LRTP to add the Immokalee Interchange Improvement project identified in FDOT's FY 2026-2030 Work Program with funding from the Moving Florida Forward Infrastructure Initiative and recent Federal and State appropriations and project phases added or changed. The proposed addition is listed below and shown in red on the attached CFP – Strategic Intermodal System (SIS) Table 6-2, page 6-4 of the 2045 LRTP. Fiscal constraint is maintained by the addition of Moving Florida Forward funds and other State revenues for the SIS CFP.

The Amendment (**Attachment 1**) adds the following project:

- FPID No. 452544-4: Immokalee Interchange. Major Interchange Improvements. Managed by FDOT. PE, ROW, RRU, Design Build FY26-28. \$71.5 million

The MPO is following the LRTP amendment public involvement process outlined in the MPO's Public Participation Plan notice requirements in that this Amendment has been:

- Posted for review by the TAC and CAC;
- Public comment period announced on the MPO website; and
- Distributed via e-mail to applicable list-serve(s).

The comment period began on April 21, 2025, and ends with the MPO Board meeting on May 9, 2025.

Authorizing Resolution 2025-05, including Exhibits 1 and 2, is shown in **Attachment 2**.

STAFF RECOMMENDATION: That the Committee endorse the 2045 LRTP Amendment and Authorizing Resolution.

EXECUTIVE SUMMARY
COMMITTEE ACTION
ITEM 7H

Review and Comment on First Draft FY2026-2030 Transportation Improvement Program project sheets

OBJECTIVE: For the Committee to review and comment on the first draft FY 2026-2030 Transportation Improvement Program (TIP) project sheets.

CONSIDERATIONS: The first draft of the TIP (narrative portion) was provided to the Committee for review and comment at its March meeting. Project sheets were not included because the final FDOT FY26-30 Work Program Snapshot had not been released. FDOT distributed download files of the final FY26-30 Work Program snapshot to the MPOs on 4/14/25. Draft Project sheets for the TIP created from this are included as **Attachment 1**.

As mentioned in Agenda Item 7E, FDOT went through a process of rebalancing the Work Program to account for the elimination of carbon reduction program funds. FDOT was able to fund seven out of the nine impacted projects in the MPO's draft FY26-30 TIP. The three deleted projects have been added to the top of the 2025 List of Project Priorities. There are no other significant changes to the draft tentative work program initially provided, other than an increase in total funding for FY26-30 in the final snapshot. The STIP Project Detail and Summaries Report for the 4/9/25 Work Program snapshot is included as **Attachment 2**.

The next steps in preparing the MPO's FY26-30 TIP are:

- MPO Board preview on May 9th
- TAC/CAC endorsement on May 19th
- MPO Board adoption on June 13th.
- MPO staff submits the TIP to FDOT before June 30th

STAFF RECOMMENDATION: That the Committee review and comment on the first draft FY 2026-2030 TIP project sheets.

Prepared By: Anne McLaughlin, MPO Director and Sean Kingston, AICP, PMP, CFM, Principal Planner
